

OPEN SEASON ON JUVENILES

The open season for 2-year-olds in training begins in Florida April 22 when Ocala Breeders' Sales holds the first session of its four-day, non-select sale. Last year, gross sales fell 15.1% to \$15,332,100 and the average price dropped 13.6% to \$22,782. A dearth of six-figure horses was a big reason for the slide. In 2001, three horses sold for more than \$400,000 but last year only one horse sold for more than \$200,000. There was some good news. The buy-back rate fell to 27.9% from 33.4%, and the median held steady at \$15,000. Entered in the sale are 397 horses that were previously sold at auction as yearlings. Pinhookers paid an average of \$12,250 for the group. Two horses share the honor of being the highest-priced yearling purchase. Norman Casse, owner of Cardinal Hill Farm, is offering a filly by Forest Wildcat, out of Denim Blue, that he bought for \$65,000 at the Keeneland September sale. Agent Cleveland Wheeler is selling a colt also bought at Keeneland in September for the same price. The colt, by Southern Halo out of Glorious Sensation, was bought by G & G Bloodstock.
